2019 Summer Student Positions

Our summer students have the opportunity to gain experience in a variety of areas or can choose to focus on a specific area of interest. We work together with individual students to help build a plan tailored to what each student would like to experience, and help each student find meaningful work in their area(s) of interest. The work will be challenging, intended to help develop the student's skills by bridging the worlds of law school and legal practice.

We also offer a secondment program, intended to provide our summer student with another perspective on practice. Our secondments include work experience at our other Canadian Fasken offices (Toronto and Montreal) or with clients.

Our summer social events have included such activities as a cultural canoe tour, summer BBQ, Canadians baseball game at Nat Bailey Stadium, weekly Friday social at the firm and other

activities. These events are intended to give our students the opportunity to get to know each other better and to become oriented with the firm and our lawyers in a more casual setting.

Compensation:

Our summer students are remunerated at a level competitive with that of other large downtown Vancouver law firms. We offer a scholarship for third year tuition to our summer students who return to article, up to a maximum of \$6,000.
