

Upper Year Law Classes – Pathways: Subject Areas for Student Advising Purposes

This document broadly classifies law courses into subject interest areas. Some classes fit within multiple subject areas. Where applicable, some courses are marked with an asterisk (“*”) to identify them as foundational classes within the given subject area. For instance, those with a particular interest in the subject/practice of criminal law may note that Criminal Procedure is marked as a class that is foundational to this area, and thus likely useful as a base for other classes in the area.

Note: Courses listed under Indigenous Peoples & Law do not necessarily fulfill the senior-level Indigenous Law course requirement. For a list of courses that do, please refer to the Program requirements section of the [Current students webpage](#).
